

MR. WHITEHEAD ACCEPTS; WILL RUN FOR GOVERNOR

Announces His Willingness to Become a Candidate, Subject to the Action of the Next Republican State Convention.

HE WILL DEFINE HIS POSITION LATER

His Acceptance at This Time is Just a Brief Announcement—Good Work of Republican League—Strong Sentiment for Janesville Man.

WHITEHEAD: BECOMES A CANDIDATE.

To the Milwaukee Sentinel:—Permit me, through you, to acknowledge to thousands of Wisconsin Republicans, the receipt of their call to become a candidate before the next Republican State Convention for the nomination of Governor. The call bears the names of men of many nationalities, of diverse avocations, of party leaders, old and young. Of the rank and file of the party, it is strongly representative. The party movement in which these republicans are co-operating is one the origin of which they fully comprehend, and the necessity for which they clearly recognize.

My confidence in the men who extend this call and my faith in the cause which they have espoused, both alike, make my duty plain, and I shall endeavor to discharge it.

The people of Wisconsin are themselves making up the issues of the approaching campaign. The questions preliminary to the campaign, I shall discuss in due time.

With the highest appreciation of the honor shown me, I accept the call.

JOHN M. WHITEHEAD.

Janesville, Wis., Feb. 21, 1902.

After duly considering the matter, of any personal ambitions that Senator John M. Whitehead, of Janesville, announces his acceptance of the call made by thousands of the Republicans of Wisconsin, and in the letter printed above, signifies his willingness to become a candidate for governor, subject to the action of the next Republican convention. This letter

WILL GIVE AWAY THE TAX REPORTS

State Commission Will Send Copies in Pamphlet Form to Those Who Write for It.

Madison, Wis., Feb. 25.—The state tax commission today gave out the following statement: "When the second edition of the report of the commission was printed and ready for distribution copies were sent to nearly all public officers.

"The commission at the same time caused to be published in the newspapers having a general circulation in the state a statement to the effect that a copy would be furnished to any citizen of the state upon application so long as there were copies to spare, but this statement though published in some of our papers was not made very conspicuous and the fact that copies could be had upon application seems not to be well understood throughout the state.

"The commission would be pleased to have the statement re-published, not only in the papers having general circulation, but also in the local papers. The number of copies remaining on hand can be disposed of easily, but it is preferable to reserve them for those who manifest a desire to read the report by asking for a copy."

SUP'T O'BRIEN HAS MOVED TO CHICAGO

The Business of This Division of the Northwestern, Will Be Conducted from That Place.

Assistant Superintendent P. J. O'Brien has moved his offices from Janesville to Chicago and will hereafter make that city his headquarters. The Janesville office has been merged in the Chicago office and the business of the division will be conducted from that end.

The move started by the company about a month ago is slowly but surely being carried into effect. They are making no sudden move, but are making the change gradually and will have it all in working order before the people realize that it has been done.

The reason that the change talked of a month ago was not on account of Janesville being up in arms, but because the yards at Harvard were so badly blocked that they could not get the trains in or out. The Northwestern road has not given up the plan proposed at that time and will surely carry it out.

Mr. and Mrs. O'Brien have many friends in this city who will be sorry to have them leave. During their short residence here they have built up a circle of close friends and will take with them their best wishes.

ALICE ROOSEVELT CHRISTENS EMPEROR WILHELM'S NEW YACHT

Broke the Bottle Over the Bows, and Used the Regular Formality, Speaking in English.—The President and Prince Henry Look On.

Shooters Island, N. Y., Feb. 25.—In a drizzling rain in the presence of a brilliant assemblage of notables, Alice Roosevelt, at 10:35 this morning, launched and christened Emperor Wilhelm's schooner yacht, the Meteor.

The affair was entirely successful despite the unfavorable weather conditions. The preparations for the launching went on and the invited guests, nearly three thousand, embarked early for the island. Roosevelt and his daughter, the Prince and their respective parties arrived at Jersey City soon after eight and immediately embarked for the ship yards.

When they arrived there they were heartily cheered for several minutes. Extraordinary precautions to protect them were taken. A large force of policemen, aided by the militia, patrolled the island during the night and today and no boats were allowed to land unless officially authorized. All persons not carrying proper credentials of invitation, were ordered off the island.

When the launching party had taken a position, the signal was given and Miss Roosevelt, with a silver mounted hatchet, struck the rope holding the craft. The rope parted cleanly and the yacht sailed slowly down into the water.

Miss Roosevelt broke the bottle over the bow and said in English, "In the name of the Emperor of Germany I christen thee Meteor."

The Prince and the President stood with bared heads as the vessel glided down the ways. The crowd cheered and many threw their hats into the air.

The President and Prince and party after a brief visit to the banquet room in the moulding shed of the ship building works, left the island. They did not partake of luncheon. The Prince escorted Miss Roosevelt to the ferry boat. She carried a large bouquet of roses presented by the Prince. While in the moulding room the Prince called

for three cheers for President Roosevelt were given, after which the President called for three cheers for the Prince, which were also given.

Then the guest called for three cheers for Miss Roosevelt and again the building echoed with hurrahs. At 11:30, after the successful launching of the Meteor, the party left the island for the Hohenzollern. At one o'clock luncheon was served and at three o'clock the Prince left the boat on his way to the reception in New York.

JANESVILLE AROUSED TO NECESSITY OF ACTION

Business Men Form an Association for Advancement and Protection of City in a Manufacturing and Commercial Way.

STRONG EFFORT TO SECURE FACTORIES

Determined Not to Let the Marzluff Shoe Concern Leave the Town—Important Meeting Last Night—Another Will Be Held Tonight.

In response to a call published in the daily papers about seventy-five of the representative business men of this city met at the municipal court room last evening and the preliminary steps taken toward forming a Business Men's Association. Much interest was manifest in the proceedings and it is evident that Janesville men are awaking from a condition of indifference and are about to inaugurate a period of concerted action that will redound to the material benefit of the city and its industrial institutions.

City Needs It Badly

The meeting was called to order by Capt. W. T. Vankirk who stated that he had issued the call at the request of several of our business men. He was the last president of a former Business Men's club and during the past five years had received hundreds of communications from all parts of the country, but that there was no active society to take action on matters that came up for consideration. It was his desire that a Business Men's association be formed at once, as the city needs it and needs it badly.

He stated that when a permanent association is formed representatives of both railways will come before the association and make propositions, that if acted upon, would greatly benefit Janesville.

Mayor Richardson Chairman

On motion Mayor Victor P. Richardson was chosen president and George Simpson, secretary.

The mayor thanked the meeting for the favor conferred upon him and stated that Janesville should have an association of over 100 members. Beloit had an association of about 100 members according to the statement of Capt. Vankirk.

Considerable discussion followed as to the scope of the proposed association, whether a club room was needed and what the annual dues should be. M. O. Mount moved that the meeting proceed to a permanent organization and that the chair appoint a committee of six to draw up a plan of organization and also a committee of five to solicit members.

The motion carried and the chair appointed as the committee on organization Stanley B. Smith, H. S. Gilkey, Peter J. Mount, Howard F. Bliss, Frank C. Cook and Levi B. Carle.

The committee to solicit members are Robert M. Bostwick, Jr., George King, A. E. Bingham, Frank Field and Frank Jackman.

Marzluff Shoe Factory

The question of what could be done in regard to the Marzluff shoe factory came up and Levi Carle said that Mr. Marzluff was a success as a shoe manufacturer and that he believed that at the time of the fire the business was worth \$50,000. He had talked with Mr. Marzluff and that gentleman said he must know what Janesville or some other city is going to do at once, as the factory must be built soon if he expected to share the fall trade. Mr. Carle did not think the proposition published in the papers a few days ago would be acceptable to Janesville capitalists.

To Form Stock Company

He suggested that a stock company be formed with \$100,000 capital of which the Marzluff company take \$40,000 and the remainder by Janesville business men, that the stock shall not receive a dividend of over 6 per cent. per annum and the salaries fixed at a certain sum and at the end of seven years the stock be redeemable by the Marzluff company at par. He thought the company capable of making 20 per cent. profit after the first year.

Mr. Marzluff's Proposition

The proposition of the Marzluff Co. will be definitely stated, at the adjourned meeting of the business men tonight. It will doubtless be in substance, the same as is now being considered by Beloit, which as the Gazette understands it, is about as follows. Marzluff & Co. propose to invest from 35 to \$40,000. They ask for a loan of about the same amount on seven year time; this loan to be secured by stock in the company with a guaranty of a 6 per cent. dividend. The Marzluff Co. invest their money and experience against this stock and the profits of the business are to be kept in the company to increase capital.

The company reserve the right to buy the stock in seven years at par. Should the stock holders become dissatisfied with the management they have the right to interfere and protect their interests.

The proposition is a good one from a business standpoint and an effort will be made to keep the company here.

On motion of C. S. Jackman a committee of three was appointed by the chair to confer with Mr. Marzluff. The

committee consists of Levi B. Carle, C. S. Jackman and M. G. Jeffris.

Business Men Who Joined

On motion the annual dues of the members was fixed at \$2.00. On motion of Mr. Bingham a list will be placed at each of the city banks for signatures for membership the following names were secured at the meeting last evening:

A. E. Tauberg,	F. L. Clemons,

Business Men Awakening

There are surface indications that Janesville business men are awakening from the comatose state they have been in for several years and are about to show that they are not dead, but sleeping. The fact that prompt action is necessary, if Janesville retains the Marzluff Shoe factory has done much to arouse the members of a former business men's association.

The first definite step in the right direction was taken last evening and today a committee having the matter in charge are interviewing Mr. Marzluff to see what must be done to keep his shoe manufacturing business in Janesville.

Carle Takes Lively Interest

Levi B. Carle, one of our most prominent business men and financiers, takes a lively interest in the Marzluff matter and is willing to do his share toward giving the start in Janesville. He believes Mr. Marzluff to be a successful shoe manufacturer and has seen his business grow from a modest beginning to one of goodly proportions, and would like to see the company continue to do business in this city. He realizes that the raising of \$40,000 or more and furnishing a building in quick order, is no small task for so conservative a city as Janesville.

A Good Investment

Mr. Carle regards the investment as a good one, and he feels more like assisting it, than he would some other town. Mr. Carle also realizes the fact that the sum required by Mr. Marzluff must be obtained by a popular effort, rather than by a few.

Many Janesville men have been unfortunate in stock company investments during the past ten years and regard anything new with considerable suspicion.

Janesville Rather Slow

Mr. Marzluff states that the proposition he made to Janesville is practically the same as the one he made to Beloit yesterday. He feels that this city is slow in starting, as the fire occurred three weeks ago and he must get his machines in operation in a few weeks if he gets a share of the fall trade.

Had his factory not burned the fall samples would have been on the way to his Pacific coast salesman in ten days. Everyday lost now is valuable to him, and means much to him in the effort to retain his old customers.

HON. JOHN M. WHITEHEAD.

is written in response to the calls which during the past month have been circulated throughout the state, requesting his name as a Republican candidate for governor.

His acceptance indicates that the Republicans who are opposed to the re-nomination of Governor La Follette have combined upon Senator Whitehead, and will urge his candidacy from now until the next Republican state convention determines the matter by the selection of a candidate.

Best Man to Unite On

In accepting the call Senator Whitehead responds to the general expression of the republicans of Wisconsin, who believe that the best interests of the party are not subserved by Governor La Follette and who do not believe that his conduct of affairs entitles him to a re-nomination.

Good Work of the League

On August 7, 1901, the Wisconsin republican league was organized, and while its purposes were more to oppose methods of La Follette as well as the radical and unrepentant views he expounds, than it was to oppose his re-nomination or favor the selection of any particular individual for governor, it served as the nucleus around which the conservative republicans of Wisconsin gathered. While individual members of the league have favored the candidacy of Senator Whitehead, his acceptance of the call is not in response to the league movement, nor is it in furtherance

Scrofula

Is a disease as old as antiquity, and as young as the newest born infant.

It is hereditary or may be acquired.

It appears in swollen glands, scrofulous sores, hip disease, boils, pimples, eruptions, and, as believed by high authorities, even in the forms of catarrh and rheumatism.

It can be cured by taking Hood's Sarsaparilla faithfully and persistently.

We know this, because Hood's Sarsaparilla has done it.

It will cure you if you give it a trial.

You should begin to take it today.

Hip Disease—"I suffered from hip disease; had 5 running sores; used crutches and each winter I was confined to my bed for weeks at a time. Hood's Sarsaparilla has accomplished a perfect cure—saved my life. I have a good appetite and feel strong and well." ANNE ROBERT, 49 Fourth St., Fall River, Mass.

In Her Eyes—"My little girl had scrofula and sores appeared in her eyes. A few bottles of Hood's Sarsaparilla entirely cured her and she has never had scrofula since." Mrs. HOWARD POPE, Alpha, Oregon, N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.

RAILROAD TAXES HAVE INCREASED

Commissioner Rice Estimates an Addition of \$112,881.78 Over That of Last Year.

Madison, Wis., Feb. 25.—Railroad Commissioner Graham T. Rice estimates that he state will receive \$1,622,295.65 in taxes from the railroads this year. This is an increase of \$112,881.78 over that of last year, the total then being \$1,549,413.87.

The increase in these taxes was considerably more than was expected. Before the annual reports of the companies began to come in it was thought that there would be a considerable increase, but the returns have exceeded expectations.

The reports show that all of the roads had a much better business last year than they did the year before. To be sure some of the roads paid out more money than they took in, but as they had been doing that for some years it was to be expected. However, the deficits of these roads were less last year than they were ever before.

The roads that will pay the principal increases this year, together with the amount of those increases, are as follows: Chicago, Milwaukee & St. Paul, \$30,248.11; Chicago & Northwestern, \$21,463.98; Chicago, St. Paul, Minneapolis & Omaha, \$15,681.46; Wisconsin Central, \$12,766.87; Chicago, Burlington and Quincy, \$8,190.07; Duluth, Superior & Western Terminal, \$7,893.83; Minneapolis, St. Paul & Ste. Marie, \$6,322.54; Eastern Railway of Minnesota, \$1,209.46; Green Bay & Western, \$1,924.63; Marinette, Tomahawk & Western, \$64.50; Kewaunee, Green Bay and Western, \$45.66; Mattoon, \$41.80; Minneapolis, St. Paul and Ashland, \$35; Abbottsford & Northwestern, \$18.20; total increase, \$115,388.35.

Backache was the chief symptom and often caused me to suffer severely. I tried a number of remedies but continued to grow worse instead of better. DYSPEPSIA

Dyspepsia is called the "American's Disease," as it is said to attack more residents of this country than any other. Americans live too rapidly—are always too hurried to give proper attention to the selection of food and to take the time to eat it. If you have an especially distressed condition of the stomach after eating, an inability to partake of the lightest meal with perfect freedom from a "crowded feeling" in the stomach immediately afterwards, belching, irritability and a generally disturbed mental condition, you have Dyspepsia.

GEORGE W. BLABON MADE PRESIDENT

Annual Meeting of the Stockholders of the Janesville Electric Street Railway Company.

The annual meeting of the stockholders of the Janesville Electric Street Railway company was held Monday afternoon at the company's office at the power house. The board of directors for the ensuing year were elected as follows: George W. Blabon, Jas. Shearer, Geo. M. McKee, P. S. Winslow and T. S. Nolan.

Immediately after the stockholders' meeting the directors met and elected, Geo. W. Blabon, president, and James Shearer, vice president, and Edwin C. Bladon, secretary and treasurer.

George J. Hurd, manager of the Janesville Electric Street Railway, was at his office at the power house this afternoon. This is the first time he has been able to leave his home since the day car barn was destroyed by fire. That day Mr. Hurd was out of doors too long and was threatened with pneumonia for about a week following. He has recovered somewhat but is still weak in his lower limbs.

Supt. Hurd states that nothing definite can be done in regard to rebuilding the car barn until the company gets its insurance, the loss not having been adjusted as yet. When the loss is adjusted steps will be taken toward rebuilding.

In regard to new cars, it will be some weeks before more cars can be secured. Orders were sent in soon after the fire, but every firm building cars have so many orders ahead that Janesville will have to wait some time; just how long is not known.

S. volunteers that they were deserters from the army. Baer has been in the city since last fall and at first worked for the Wisconsin Carriage company, afterwards he went to work at the Myers hotel as bell boy and later as yard boy.

Kelsner was yard boy at the Hotel Cornueau and was married just before the holidays. The boys have not tried to keep out of sight since coming here, but it would have been an easy matter to have picked them up at any time. Chief Hogan had heard the stories about the boys for some time but as he had no positive proof that they were deserters, and was not looking for the reward paid by the government for deserters left them alone.

Evidently the boys received a tip yesterday that they had been informed on so skipped out before the officers could get here. So far no military men have been here after them.

ANN COLLINS VS. CITY OF JANESVILLE

An Action for Damages for Injuries Claimed in a Fall on a Defective Sidewalk.

In the circuit court today Judge Dunwiddle is engaged in trying the suit of Ann Collins, an infant by Ellen Collins, her guardian, against the city of Janesville. This is an action for injuries sustained by the plaintiff from a fall on a defective sidewalk on Cherry street, two or three years ago.

The case has already been tried three times in the circuit court and each time returned by the supreme court for a new trial on account of error or excessive damages. The case was taken up this morning and after some time the following jury was secured: Robert Peach, H. P. Tower, Wm. Henderson, Joseph A. Martin, I. W. Jones, S. S. Purington, M. M. Fardy, G. S. Field, Saron Cooper, E. Bingham, Charles Stocking and S. Florey. J. J. Cunningham opened the case for the plaintiff and outlined what damage she had received and what they expected to show. M. G. Jeffers followed for the city and made a strong address to the jury, stating that the city expected to show that the entire case was fixed up, and that the injuries received by the plaintiff were not received from a fall on the sidewalk in question. John J. Cunningham and George G. Sutherland appear for the plaintiff. City Attorney F. C. Burpee and M. G. Jeffers for the city.

The case of W. S. Coppas against R. J. Malpessa was dismissed with costs against the plaintiff in his failure to furnish security for costs as demanded.

The case of Anna Zastopoul against E. D. Mcowan was continued until future motion day.

WILL MAKE A HIT
Golf Club Minstrel Performance to Be High Class in Every Respect

The most pretentious effort at high-class minstrelsy ever attempted here will be given by our local aspirants at the opera house on Thursday and Friday evenings, March 6-7, under the auspices of the Golf club—a sufficient guarantee that nothing will be left undone to make this the event of the season. Rehearsals are being held nightly and everyone is taking a lively interest in the work, which under the direction of Perry Webster and Ralph Bell, is progressing finely. The first part will be an elaborate stage setting containing over 100 colored lights, beautiful foliage, palms, etc., given by the entire company of forty people, closing with a circus burlesque. The costumes will be most elaborate, and nothing but the latest Coon songs and popular ballads will be used. Part second will consist of several good specialties and the show will close with a black face operatic burlesque, written especially for this performance by Mr. Webster, and said to be exceedingly good. Those who have been fortunate to witness rehearsals are loud in their praise of the work being done and our theater-goers can look forward to a rich treat.

"The best way to destroy your enemies," said the man with a gentle nature, "is to make them your friends."

"Yes," answered Senator Sorghum thoughtfully, "but sometimes that costs a heap of money."—Washington Star.

TILLMAN DEMANDS RIGHT TO VOTE

Insists That He Cannot Be
Deprived of His
Privilege.

MANIFESTO BY THE SENATOR.

Denies That He Is Guilty of Contempt
of Senate and Utters Bitter Denunciation
of President Roosevelt for With-
drawing Dinner Invitation.

Washington, D. C., Feb. 25.—Senator Tillman has been the center round which waged yesterday one of the most notable parliamentary battles in the history of the United States Senate. The Democrats generally have lined up, not exactly in favor of Tillman, but in defense of the old state sovereignty idea, which has been revamped and remodeled to suit the changed conditions.

By a series of skillful parliamentary maneuvers the Republicans have succeeded in avoiding a direct issue, but they admit that the question is one of the gravest ever presented to the Senate.

Senator Tillman himself was exceedingly angry when he received a letter from the White House, informing him that his presence at the dinner in honor of Prince Henry was not desired.

Mr. Tillman could make no answer to this note, of course, but did issue a formal statement, in which he said:

"The President of course has the right to invite any one he chooses to dine with him, officially or otherwise, and also has the right to withdraw such invitation. As I am not conscious of having done anything personal or official which gives the President the right to insult I am surprised at his action.

"The invitation to the dinner came to me unsought and unexpected, and so far as the withdrawal is concerned it is a matter of absolute indifference to me. It is the motive behind it which seeks to put me in the condition of unworthiness to meet the President and his guests before final action by the Senate.

"Prince Henry, the President's guest, comes from a country where custom makes it obligatory upon any man who regards himself a gentleman to resent promptly an insult, and the method is by challenge to a duel.

"That was once the custom, but it is now obsolete in the United States, and we have been forced as a people here to cling to the old Anglo-Saxon rule of considering the lie direct as the first blow, and no man could hold up his head in decent society should he, being near enough to answer the lie with a blow, not give it.

"As for my being in contempt of the Senate, which I presume is the excuse for this insult at the hands of the President, that I deny. I have been guilty of a breach of the rules and the privileges of the Senate. The Senate was not sitting as a court, but as a legislative assembly. It has the right to expel me if it sees fit, and I am ready to abide by its judgment and action.

"It has the right to arrest me and to hold me in custody until it makes a disposition of my case; but it has no right to gag me, and the President has no right to judge me guilty of conduct unbecoming a gentleman unless he believes all his antecedents—which lead one to believe that he would have done just as I did under the circumstances.

"As to which of us is the gentleman in this matter, in view of the unsought invitation to dinner at the White House and its subsequent withdrawal, I am willing to abide by the judgment

of all brave and self-respecting men." Senator Martin of Virginia, next ranking Democrat on the naval affairs committee, was invited to the state dinner in place of Mr. Tillman, but he declined.

Mr. Tillman made a protest against the right of the senate to deprive him of his vote, and the excitement was about dying out and the senate progressing smoothly toward a vote on the Philippine tariff bill, when occurred the sudden change in the plans of Tillman and his advisers and their demand that his name be called upon the first vote taken on the disposition of the tariff bill at 4 o'clock.

The senate simply decided that under the terms of the unanimous agreement arranged for the disposition of the Philippine tariff bill no debate on any other subject would be in order.

What punishment, if any, shall be meted out to Tillman and McLaughlin has not been determined upon and will not be until after a thorough investigation of all the facts bearing upon the quarrel.

At the conclusion of routine business in the senate, Mr. Pritchard (Rep., N. C.) submitted a letter signed by John Lowndes McLaughlin, asking an investigation.

Mr. Pritchard then offered a resolution, which asked that "the committee on privileges and elections be directed to investigate and report as to the truth of the charges, with full power to send for persons and papers." The resolution was referred.

Danger of Colds and La Grippe.

The greatest danger of colds and a Grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

Stenhouseville, O., Feb. 25.—By the collapse of a hoisting derrick at the mouth of the La Belle coal shaft three miners were hurled 160 feet to the bottom of the shaft. George Loaman was killed instantly. George Buecy was perhaps fatally injured, and the third, John Connors, escaped with a number of cuts and bruises.

Statistics on appendicitis show that it is equally prevalent in every month of the year. The Chicago health records show twenty-three deaths in January, and twenty-five in July, from this baffling disease. Now is the time to take the surest preventive, Dr. Crane's Quaker Tonic Tablets. Fifty cents at the nearest drug store.

CIGARRETTE TO GO. AT NORTHWESTERN

Students Must Stop, or Leave.—Prof. Fish Says the "White Pipes" Are Cause of Failure.

Evanston, Ill., Feb. 25.—The days of the cigarette smoker are numbered at the preparatory school of Northwestern university. Following the lead set at Oberlin and other universities, Professor Herbert F. Fish yesterday morning arose in the chapel and announced that all the young men who smoked the seductive "white pipes" would have to leave the school. The announcement caused consternation among the 300 boys who attend the school, a large majority of whom are said to be more or less addicted to the use of cigarettes. If the edict of the faculty is carried out to the letter, unless there is a wholesale reformation, the school will be practically wrecked.

"I have made an arrangement by which your money will be refunded," continued the professor. "We do not want you as students if you continue your pernicious habits. Some of the failures in the recent semester examinations are directly traceable to cigarette smoking, and one student was brave enough to confess that his failure was directly due to this habit.

"I beg of you to stop smoking the 'white thing at once,' he said. 'You know as well as I the effect it has upon you, and that it is injuring your health. It is greatly weakening your possibilities as a student, and if you have not already found it out it will not take long to convince you. The effect of the cigarette is comparatively quick and the habit, as one who smokes them will testify, is very hard to quit.

"It is a matter of record that four-fifths of the cigarette smokers among students fail sooner or later. Nearly all the boys who failed in the semester examinations use cigarettes. This should be evidence enough to induce any boy who will consider the matter to quit at once."

WHITEHEAD WILL RUN FOR GOVERNOR

Continued From Page 1.

venting the great rank and file of the republican party of this state.

Signers Represent No Faction
The signers of these petitions represent no particular or specific political faction, but are those who oppose the re-nomination of Gov. La Follette, and the movement met with such a hearty response on the part of the voters generally that it was the conclusion of those having the work in charge that there was no doubt about Senator Whitehead being a suitable candidate upon whom all republicans could unite. From day to day these petitions have been sent to Senator Whitehead at Janesville, to signers of which the announcement that he will become a candidate for the governorship is a reply.

Met With Approval
There were no secret methods used to induce Senator Whitehead to become a candidate. The leaders as well as the rank and file of the party have joined in the movement, and the effort to secure the circulation of the petitions as well as all other matters in connection with his candidacy was in the public knowledge.

Throughout the entire state the movement met with such widespread approval that there was no mistaking the sentiment of the republicans and as a result Senator Whitehead feels assured that his candidacy not only is approved of by the great majority of the party leaders, but that it also conforms to the general sentiment of the rank and file of the party.

In some instances the calls have been signed by practically every republican voter in the voting precinct. In other cases a majority have signed. Signatures have been secured in every locality in Wisconsin, so that the movement is one of general party interest.

Will Soon Define His Position
It is understood that some time in the future Senator Whitehead will define his position upon those questions which are likely to become issues during the coming campaign as well as express his convictions upon the subjects which are already being discussed.

SENATE PASSES TARIFF MEASURE

Washington, Feb. 25.—The Senate yesterday passed the Philippine tariff bill by a vote of 46 to 28, a strict party vote. Final debate was begun at 11 o'clock, and a vote was taken at 1 o'clock. Much interest attached to the meeting and the galleries were crowded. Aside from the controversy over the Tillman-McLaurin incident, there was no especial feature to the proceedings, with the exception of a possibility of an encounter between Senators McComas and Wellington of Maryland, who indulged in a caustic tilt.

During the debate Mr. McComas denied Mr. Wellington's charges that the former was induced to vote for the treaty by promises from President McKinley. Mr. Wellington showed intense feeling, and, replying to Mr. McComas, said that if his colleague would repeat outside the Senate chamber what he had told the Senate in the speech he (Wellington) would tell McComas that it was a cowardly and malicious falsehood.

Mr. Hoar promptly called Mr. Wellington to order, and President pro tem Frye as promptly directed Mr. Wellington to take his seat. Previous to this Mr. Wellington made a vigorous speech, reiterating statements he had formerly made as to promises made by President McKinley and denying statements made by Mr. McComas in his speech earlier in the day. He said he believed President McKinley meant to keep his promises, but had fallen under malign influences.

Mr. Hanna said that with the personal differences of the two senators from Maryland he had nothing to do, but when statements were made involving the action of a President whose lips now were closed in death he felt it was time for him to speak.

"The statement made," said he, "that a promise was given by our dead President with respect to the disposition of the Philippine Islands—a promise that was not kept—I resent that statement in the name of the American people."

He was willing to admit there might have been a misunderstanding, but if any refutation of the charge was needed the character of President McKinley ought to afford a sufficient refutation of it. It was not possible to entertain such a charge, and in the name of the American people he entered his protest against it.

Speeches on the bill were limited to fifteen minutes, and Senators on both sides chose the occasion to offer amendments to the pending measure. Perhaps the most important of these was that of Mr. Foraker providing that the rate of duties upon articles coming into the United States from the Philippines should be 50 per cent of the Dingley rates, instead of 75 per cent. It was rejected, 29 to 53. Upon this vote party lines were abandoned. Of the many amendments submitted only one, aside from those offered by the committee, got through. This was offered by Mr. Hoar, and restricts the operation of the session laws enacted by the Taft commission.

As passed the measure provides that articles imported into the Philippine archipelago from the United States shall be required to pay the duties levied against them by the Philippine commission and paid upon like articles imported into the archipelago from foreign countries; that articles imported into the United States from the Philippines shall pay a duty of 75 per cent of the rates fixed by the Dingley law, less any export taxes paid upon the articles sent from the Philippine archipelago as required by the Philippine commission. All articles now imported free into the United States shall be hereafter exempt from export duty imposed in the Philippines.

For the Little Ones

Be Careful in the use of Cough Medicines for Children's Coughs and Colds.

Many analyses of cheap cough mixtures and cough and throat lozenges have clearly proven that a large proportion of them contain opiates.

The temporary relief which these cheap medicines often give in coughs and colds, especially with the little children, is because the opiate, by destroying the nerve sensation, the irritation in the throat, which causes the cough, is temporarily removed, but the real cause of the cold is not in any way removed by the opiate and will promptly return.

The best thing to use to remove the catarrhal secretion which causes the cold, the hoarseness and irritating cough, is a new preparation composed of antiseptics like Eucalyptol, Red Gum of Eucalyptus tree, Blood Root, etc., under name of Stuart's Catarrh Tablets, which contain no opiate, cocaine or poisonous drug of any sort.

A mother living in Charleston, Mass., the happy possessor of four children, writes: "Every fall and winter I have laid in a stock of cough medicines, croup mixtures, and throat remedies for my little children, for somehow or other they never seemed to be free from colds, croup or sore throat."

"This fall I made a change in the usual program. I had myself been cured of an obstinate catarrh, from which I had suffered for years, by Stuart's Catarrh Tablets, and as they were pleasant to take I determined to try them with my children. Our family physician told me he knew them to be perfectly safe and nothing better could be taken. So I gave them to the children and have continued to do so ever since, whenever there is the least sign of croup or sore throat, and I no longer dread the approach of cold weather as I once did."

"Stuart's Catarrh Tablets not only cured me of chronic nasal and throat catarrh, but

they have saved me many an anxious night with my little ones."

Mr. A. R. Fernbank of Columbus, Ohio, says: "I suffered so many winters from Catarrh that I took it as a matter of course, and that nothing would cure it except a change of climate, which my business affairs would not permit me to take."

"My nostrils were almost always clogged up, and I had to breathe through the mouth, causing an inflamed, irritated throat. The thought of eating breakfast often nauseated me and the catarrh gradually getting into my stomach, took away my appetite and digestion."

"My druggist advised me to try a 50 cent box of Stuart's Catarrh Tablets, because he said he had so many customers who had been cured of catarrh by the use of these tablets, and he felt he could honestly recommend them. I took his advice and used several boxes with results that surprised and delighted me."

"I always keep a box of Stuart's Catarrh Tablets in the house and the whole family use them freely on the first appearance of a cough or cold in the head."

"With our children we think there is nothing so safe and reliable as Stuart's Catarrh Tablets to ward off croup and colds, and with older people I have known of cases where the hearing had been seriously impaired by chronic catarrh cured entirely by this new remedy."

People who have used sprays, inhalers, salves, and washes for catarrh and have found how useless they are, will be agreeably surprised at the results following the use of a pleasant internal remedy in tablet form. Druggists everywhere admit that Stuart's Tablets, which they sell at 50 cents per package, is the safest, most effective and popular of all catarrh remedies.

BIG SLUMP IN THE PRICE OF EGGS

Hens Resume Business and Stock Is Increased to a Seasonable Basis — Prices Tumbling Down Fast.

Chicago, Feb. 25.—There was a slump of 5 to 7 cents in eggs yesterday, sales being made as low as 23 cents and a few at 22 1/2 cents per dozen, wholesale, as against 28 to 30 cents at the close of last week, and 34 cents a week ago today.

The weather was cold all over the country a fortnight ago, and snow covered pretty much all of the territory within a reasonable shipping distance of Chicago. The Egg Layers Union decided it was too cold to do business and ordered a general "lay-off." The wheels of commerce in the egg line were quickly blocked, all of the cold storage eggs were quickly eaten up and the price of fresh eggs went soaring. Then came a sudden and apparently unanimous resumption of business all over the western country, and eggs are pouring in from all directions.
